Series 2000 Garage Doors

Superior design, engineering excellence

Door Style Selector

Up-and-Over Garage Doors

Combining quality with an attractive look

2601 Elegance, Steel door design in Traffic white, RAL 9016

2041 Coniston, GRP door design, White supersmooth

2009 Vertical, Timber door design, Light Oak

The Hörmann Series 2000 up-and-over garage doors are undeniably attractive in appearance, with a variety of designs that is comprised of single and double up-and-over doors in steel, timber and GRP.

Hörmann offer a wide range of standard garage door sizes in either canopy or retractable gear to fit to a timber frame. We recommend, however, that the Hörmann powder coated steel frame is used, as it makes a complete door set.

Steel door design, Vertical Decograin Golden Oak

Some of the doors shown are equipped with optional extras and do not always correspond to our standard models. Hörmann automatic sectional doors

Offering greater convenience and security

L-ribbed, Anthracite grey, RAL 7016

M-ribbed, Decograin Rosewood

S-ribbed, Woodgrain Fir green, RAL 6009

You can operate a Hörmann automatic door as conveniently as your TV set.

On the press of a button, you drive into your garage, protected from all weathers. When it's dark, the direct route affords you greater safety and security.

It goes without saying that Hörmann doors and operators are tested by the TÜV (German Technical Inspectorate) as a single safety unit.

Sectional doors open vertically upwards and are suspended under the ceiling to save space. You can make full use of the space inside and in front of the garage for parking.

Secured by Design

Official Police Security Initiative

All LPU sectional garage doors, when combined with a Series 3 BiSecur ProMatic or SupraMatic operator are now Secured by Design accredited.**

Panelled, Woodgrain Traffic white, RAL 9016

4 surface finishes

You have the choice

Woodgrain, Traffic white, RAL 9016

Woodgrain

On this inexpensive, robust surface with an authentic sawn timber look, minor scratches can be easily repaired by working with the texture.

Door styles

S-ribbed
M-ribbed
Panelled

Sandgrain, Traffic white, RAL 9016

Sandgrain // NEW

This finely structured surface is an ideal choice for price-conscious owners and is particularly suited for modern homes.

Door styles

M-ribbed
L-ribbed

Micrograin, Traffic White, RAL 9016

Micrograin

This surface features a wave profile that is embossed into smooth steel, producing attractive light and shadow effects.

Door styles

M-ribbed
L-ribbed

Silkgrain, Traffic White, RAL 9016

Silkgrain // NEW

Thanks to its elegant door appearance, the silky smooth Silkgrain surface finish is the first choice for modern architecture. A 50 % thicker exterior sheet on the sections also ensures higher stability and even smoother running.

A vast array of colours

Integrate your garage door into your home's colour concept.

15 preferred colours

Grey Aluminium	RAL 9007
White aluminium *	RAL 9006
Terra brown *	RAL 8028
Clay brown	RAL 8003
Ochre brown	RAL 8001
Window grey	RAL 7040
Light grey	RAL 9006
Stone grey	RAL 9007
Anthracite grey *	RAL 7016
Fir green	RAL 6009
Moss green	RAL 6005
Pigeon blue	RAL 5014
Steel blue	RAL 5011
Ruby red	RAL 3003
Light ivory	RAL 1015

15 equally-priced preferred colours

Steel sectional doors are available as standard in Traffic white, RAL 9016, as well as in 15 inexpensive preferred colours and in around 200 colours from the RAL colour chart, with the exception of pearl-effect, fluorescent and metallic colours.

You can choose from 3 preferred colours* for the new surface finish Sandgrain.

* Preferred colours for Sandgrain surface finish

6 Decograin surface finishes

For double-skinned LPU doors

Decograin Golden Oak: medium brown, golden yellow oak design

Decograin Dark Oak: walnut-coloured oak design

Decograin Night Oak: dark, intense oak design

Decograin Rosewood: mahogany-coloured timber design

Decograin Winchester Oak: natural-coloured knotty oak design // **NEW** from Autumn 2014

Titan Metallic CH 703: anthracite with a metallic effect // **NEW** from Autumn 2014

Decograin surface finishes

Decograin is available in five natural-looking timber designs for M-ribbed, L-ribbed and Panelled door styles and with an anthracite metallic effect, only for M-ribbed and L-ribbed door styles.

An embossed wood grain gives it all the aesthetics of timber.

The door remains beautiful for a long time thanks to the special surface protection of the UV-resistant plastic film coating on the outside of the steel sections.

ThermoFrame

With the garage being attached to the house we recommend to fit a well insulated garage door.

The new ThermoFrame frame improves the already good insulation characteristics of the double-skinned Hörmann garage doors even more and adds to energy savings.

Lintel sealing

Side sealing

* With an LPU sectional garage door surface of 10 sqm.

Frame cladding

We offer a frame cladding to match the colour of the door.

Side frames and fascia panels are delivered in Woodgrain, RAL 9016 as standard. Optionally, fascia panels and frame fascias are also available in a colour matching the decor or in the Decograin decors.

Your choice of glazings and handle

Example of classic glazing in a 2500 mm wide door.

Classic glazing S0

Classic glazing M0

Black plastic, standard

Cast aluminium, white (similar to Traffic white RAL 9016)

Polished stainless steel

Silver cast aluminium

Brushed stainless steel

Glazing

Clear synthetic glazing from Hörmann comes as standard with DURATEC glazing.

It offers:

- Maximum scratch resistance
- A permanently clear view
- Improved thermal insulation

Classic glazing

This glazing is available for all door types with M and L ribbing and panelling.

Sunrise glazing

This variant is available for all door types with M and L ribbing and panelling.

The glazing frame and the decorative rails are available in white plastic as standard or in the colour of the door on request.

For Decograin doors the glazing frame and decorative rails are painted in a colour matching the door. Depending on the door type, you can choose the glazing with single or double synthetic panes, in a clear version or crystal structure.

Door Handles

Choose from five styles of handles to match your door.

[6] Decors in silver, carbon, light rootwood, light timber, dark timber, dark rootwood

Further information on Hörmann operators for garage doors and entrance gates can be found in our specialist brochures or on our website at www.hormann.co.uk

Roller Garage Door RollMatic

More free space in the garage with innovative Hörmann technology

Space-saving design

RollMatic roller garage doors open vertically and require minimum space inside the garage. This construction principle means you can make full use of the space inside and in front of the garage, while the ceiling remains free and can be used as additional storage space. The RollMatic is also available as an external roller garage door for fitting in front of the opening if your garage has little lintel space and/or sideroom.

Elegant appearance

Smooth surface

The smooth surface of the aluminium profiles looks modern and elegant, unlike ribbed profiles from other suppliers. Furthermore, a high-quality coating on the inside and outside of the door's surface makes it easy to clean.

Glazing elements

Get more daylight in your garage! The glazing elements with synthetic panes are arranged across the entire profile width. The number of elements depends on the respective door width. A maximum of ten profiles can be fitted with glazings in each door.

Ventilation grilles

Ventilation of your garage improves the room climate and prevents mould. Ventilation grilles made of long-lasting plastic are arranged across the entire profile width. A maximum of ten profiles can be used for each door.

Further information on Hörmann Roller Garage Door RollMatic can be found in our specialist brochures or on our website at www.hormann.co.uk

Options

Choose between 11 equally-priced colours and two attractive Decograin and Decopaint surfaces

Traffic white	RAL 9016
White aluminium	RAL 9006
Jet black	RAL 9005
Cream	RAL 9001
Terra brown	RAL 8028
Light grey	RAL 7035
Anthracite grey	RAL 7016
Moss green	RAL 6005
Steel blue	RAL 5011
Ruby red	RAL 3003
Light ivory	RAL 1015

Decograin surface finishes

Golden Oak

Rosewood

The two Decograin surfaces have a convincingly real timber look. To create a uniform appearance, the exterior door curtain, fascia and frame are supplied with a Decograin surface finish. The interior fascia, side guides, barrel casing and door curtain are painted in brown.

Decopaint surface finishes // NEW

Golden Oak

Rosewood

The Decopaint surface finishes are an affordable alternative to Decograin decors. The interior and exterior of the profiles are painted to look like timber. Frames, side guides, fascia panels and shaft covers are powder-coated in a base colour matching the timber to create a harmonious appearance.
