

# VORtEX

**Vertically Opening Retractable Door**

**Delivered  
pre-assembled**

**Install anywhere a  
one piece door fits**

**Available in all GDS door styles**

# Single skin Stratford

Designed as a secure, draught-proof alternative to old-fashioned one-piece doors, stay within your budget while enjoying all the benefits of a modern sectional door.

22 window designs are available to allow natural light into your garage while adding distinction to your home.

Our doors never swing out, providing easier operation and giving you more valuable space in the driveway.

For improved security, double locking points are secured to heavy steel guides.

**All sectional doors are  
available in any  
RAL or BS colour**

Custom colours are applied to achieve an automotive quality finish that not only adds individuality, but also provides years of low-maintenance (5 Year warranty).

# Insulated Weatherguard

Add natural light and style to your garage by choosing a window option. Please see our full brochure for full details on our 22 window designs. We're certain to have a design to complement your home.

The ultimate in comfort and security, fully insulated sections are surrounded on all sides by heavy weather seals to help keep the elements out of your garage.

Full perimeter draught proofing including header piece with integrated seal.

Factory applied primer and finish paint looks great year after year. An occasional wash is all that's needed to keep your door looking like new.

The smooth and easy operation of our doors make them the least expensive doors to automate... just press a button from the comfort of your car.

# Coach House Insulated and Single skin

The distinctive look of traditional hand-made coach house doors in a modern, low-maintenance sectional door which won't crack, warp or split.

Our doors never swing out, giving you more valuable space in the driveway.

Choose our 1 3/8" (35mm) fully insulated version with durable steel skins front and back – ideal for integrated garages, or our most cost-effective single skin version.

Renowned for their durability and high standard of construction, our door sections carry a 12 Year Warranty.

All of our sectional doors are pinch-resistant and tested to comply with the rigorous safety standards of EN 13241-1.

Security is inherent at every stage of design: full length vertical guides provide utmost rigidity and dual lock points provide excellent protection against forced entry.
