### What does a pink box mean in the price list?

It contains essential information – make sure you read it!

#### PRICING

Prices are in £'s Sterling. This price list supersedes and renders null any previous price list.

#### SIZES

When ordering use metric sizes, imperial conversions are nominal.

#### TERMS

Comprehensive terms and conditions are on line at:  
[www.teckentrup.co.uk/terms-conditions](http://www.teckentrup.co.uk/terms-conditions)

#### DELIVERY

##### Delivery:

To company premises FOC.

To site £60 nett.

To Scotland, Highlands and Islands on application.

#### LEAD-TIMES

Lead times are subject to change and may be affected by the availability of raw materials, border delays and other factors beyond our control.

After placing your order you'll receive a confirmation with the week of delivery.

We work hard to maintain the advised delivery date and any slippage will be notified as soon as we become aware of an issue.

If you need a door for a specific date please call the sales office, we'll do our best to help.

## WHAT PERFORMANCE CAN I EXPECT?

As Part of the CE marking process, each product must have its performance provided for a defined set of characteristics. Other characteristics can also be included if relevant to a door's performance, such as security. The following table shows the performance characteristics of each product in our range.

NPD signifies the product has not been measured for this characteristic (NPD - No Performance Determined)

PERFORMANCE CHARACTERISTIC	CarTeck Sectional Garage Doors	CarTeck Super Size Sectional Garage Doors	CarTeck Sectional GSA Vision Garage Doors	CarTeck Sectional SLX Vision Garage Doors	CarTeck Side Hinged Garage Doors	Teckentrup 62 Swing Secure Garage Doors

## WARRANTY

The warranty periods below only apply to products that have been correctly installed as per the instructions and have been used, maintained by a Garage Door Specialist and cleaned in accordance with the requirements set out in the operating and maintenance sections of instructions and labels.

### CARTECK, SUPER SIZE, GSA VISION & SLX VISION SECTIONAL GARAGE DOORS

#### 2-year manufacturer's guarantee

- on polymer and aluminium window units

#### 5\*-year manufacturer's guarantee

- on SLX & GSA Vision windows, rollers, hinges, cable pulleys, cables and standard springs (opening/closing max. 5 times a day)

#### 10-year manufacturer's guarantee

- on panels against rust penetration from inside to outside against door panel separation of steel from foam
- on material and manufacturing flaws of all non-moving parts of the frame that are verifiably unusable or whose usability is substantially compromised
- on floor seal, intermediate seals, side seals and lintel seal against rotting

The guarantee does not apply to doors that are subjected to extreme conditions, e.g. corrosive influences resulting from use in a coastal climate with high salt content.

**\*2-year for Super Size**

### CARTECK SIDE HINGED GARAGE DOORS

#### 2-year manufacturer's guarantee

- on window units, hinges, locks, handles and stays (opening/closing max. 5 times a day)

#### 10-year manufacturer's guarantee

- on panels against rust penetration from inside to outside against door panel separation of steel from foam
- on material and manufacturing flaws of all non-moving parts of the frame that are verifiably unusable or whose usability is substantially compromised
- on floor seal, intermediate seals and frame seals against rotting

The guarantee does not apply to doors that are subjected to extreme conditions, e.g. corrosive influences resulting from use in a coastal climate with high salt content.

### TECKENTRUP 62 SWING SECURE GARAGE DOORS

#### 2-year manufacturer's guarantee

- on mechanical defects, material and manufacturing flaws of all non-moving parts of the frame that are verifiably unusable or whose usability is substantially compromised

#### 10-year manufacturer's guarantee

- on panels against rust penetration from inside to outside
- on floor seal and frame seals against rotting

The guarantee does not apply to doors that are subjected to extreme conditions, e.g. corrosive influences resulting from use in a coastal climate with high salt content.

### CARTECK DRIVE & MOTOR

#### \*5-year manufacturer's guarantee

- on mechanical defects, material and manufacturing flaws. (opening/closing max. 5 times a day)\*\*

#### \*2-year for Super Size

\*\* Consumable Items are not included within warranty terms and conditions: hand transmitters, light bulbs, fuses & batteries.

## HANDLING

CarTeck Sectional Doors are delivered flat-packed & CarTeck Side Hinged Doors are delivered complete. Both are heavy and require suitable consideration for safe handling.

CarTeck Super Size Sectional, CarTeck GSA Vision & CarTeck SLX Vision are delivered crated. Suitable arrangements for safe handling at delivery and onward transportation must be considered.

Teckentrup 62 Swing Secure doors are delivered palletised. Suitable arrangements for safe handling at delivery and onward transportation must be considered. Door leaves are heavy and a 150-200kg palletised load is typical.

## CLEANING ON INSTALLATION

After the installation has been completed, clean and dry the door thoroughly inside and out with warm soapy water to remove any grease, dust and metal fragments from the door (these will discolour the door finish if left on the door).

## MAINTENANCE

Doors must be maintained as per the supplied Installation, Operating and Maintenance Manual by a Garage Door Specialist. Failure to carry out the required maintenance at the advised interval will invalidate the warranty.

## CLEANING

The door should be washed with a car shampoo or similar, every two months, to prevent the build up of dirt, salt, grit and other corrosive substances. If the door is in an area prone to coastal corrosion from airborne salts, the door should be cleaned monthly. Furthermore, cleaning lifting gear with a cloth soaked in a light oil will help to protect your door from corrosion – it must be accepted that salt air is very aggressive and extra care is required.

No caustic, abrasive or corrosive chemicals and substances, flood water, water runoff, or runoff from lead, copper or galvanic metal flashing should be allowed to come into contact with the door.

Ash, cement, dust, animal waste, or foreign substances should be removed immediately. Failure to ensure the door is cleaned and maintained as described will invalidate the doors' warranty.

### Frame Legs, Headers & 3D Profiles

Frame legs/head - 85mm/115mm smooth & white as standard. For Trend, RAL or Wood Design, add the uplift to the white price.

Wood Design frame legs, headers & 3D profiles in Night Oak & Rosewood are finished in a complimenting painted wood effect finish but will not match precisely. Golden Oak and Winchester are finished in a complementary flat colour to RAL 8014.

All frame Legs, headers & 3D profiles are available in smooth finish only.

Between fix (No Holes) frames up to 2250mm high maximum.

## TREND COLOURS

Flame Red RAL 3000	Fir Green RAL 6009	White Aluminium RAL 9006
Window Grey RAL 7040	Anthracite Grey RAL 7016	Grey Aluminium RAL 9007
Quartz Grey RAL 7039	Light Grey RAL 7035	Slate Grey RAL 7015
Steel Blue RAL 5011	Umbra Grey RAL 7022	Cream RAL 9001
Anthracite Textured RAL 7016	Ice Crystal Grey Aluminium	Jet Black RAL 9005
Moss Green RAL 6005	Sepia Brown RAL 8014	TT 703 A special satin metallic effect - grey with micaceous iron ore particles.

**Colours**

Where doors are exposed to direct sunlight, dark colours should be avoided.

RAL references for colours are provided as a guide only to the nearest similar RAL colour. Colours will not match to other RAL finishes due to different coating processes, gloss levels, substrates and textures. Similarly, special RAL, BS or other colours will not be a precise match.

Colours shown are limited in accuracy by the printing process - samples should always be requested.

## POPULAR OPTIONS

ACCESSORIES AND OPTIONS	
Manual locking including detent (factory prepared) 5000mm Max	£131 each
Manual locking including detent (onsite with template) 5000mm Max	£71 each

Square 1 & 2	270 x 270	White	£119
Square 1 & 2	270 x 270	Trend/Ral/Wood design	£157
GSA Aluminium Window Section	per linear m	White/Trend Ral/Wood design	£437 £656

All polymer windows are available with these glazing options:

Clear

Frosted

Satin

### Polymer Windows

To price for windows fitted vertically down the door; square type 1 & 2, match windows to number of sections ie 4 sections = 4 windows).

Selected Trend colours & wood design windows are finished in a complementary flat colour for Golden Oak (RAL8003), Rosewood (RAL8016), Night Oak (RAL8014), Winchester (RAL8001), Textured Anthracite (RAL7016) and Ice Crystal Grey Aluminium (RAL9007).

The surrounds on aluminium GSA window sections are finished in a smooth finish.

Window frame colour shade and surface lustre will show a variance from the panel finish as the base material and coating methods are different.

Polymer glazing in Georgian doors and Type 2 rectangle is 16mm thick. All other polymer glazing is 20mm thick.

## Colours

Where doors are exposed to direct sunlight, dark colours should be avoided. RAL references for colours are provided as a guide only to the nearest similar RAL colour. Colours will not match to other RAL finishes due to different coating processes, gloss levels, substrates and textures. Similarly, special RAL, BS or other colours will not be a precise match. Colours shown are limited in accuracy by the printing process - samples should always be requested.

# POLYMER WINDOWS

## WINDOWS - POLYMER DOUBLE GLAZING

Windows construction: Polymer casement with polymer (Styrene Acrylonitrile) double glazed unit.

### Georgian

1 Rectangle Plain    1 Rectangle Cross Mullion    1 Rectangle Rhombus

### Standard Rib, Centre Rib & Solid

1 Rectangle Plain    1 Rectangle Cross Mullion    1 Rectangle Rhombus    Rectangle 2    Rectangle 3    Vertical Square 1    Vertical Square 2    GSA Aluminium

Style	Overall Size	Colour / Finish	Price per Window
Rectangle 1	610 X 270	White Trend/Ral/Wood design	£119 £157
Rectangle 2	680 X 210	White Trend/Ral/Wood design	£119 £157
Rectangle 3	980 X 140	White Trend/Ral/Wood design	£143 £187
Square 1 & 2	270 x 270	White Trend/Ral/Wood design	£119 £157
GSA Aluminium Window Section	per linear m	White/Trend Ral/Wood design	£437 £656

All polymer windows are available with these glazing options:

Clear

Frosted

Satin

### Polymer Windows

To price for windows fitted vertically down the door; square type 1 & 2, match windows to number of sections ie 4 sections = 4 windows).

Selected Trend colours & wood design windows are finished in a complementary flat colour for Golden Oak (RAL8003), Rosewood (RAL8016), Night Oak (RAL8014), Winchester RAL (8001), Textured Anthracite (RAL7016) and Ice Crystal Grey Aluminium (RAL9007).

The surrounds on aluminium GSA window sections are finished in a smooth finish. Window frame colour shade and surface lustre will show a variance from the panel finish as the base material and coating methods are different.

# ALUMINIUM WINDOWS & DECALS

## ALUMINIUM WINDOWS - POLYMER DOUBLE GLAZING

Windows construction: Aluminium and polymer casement with polymer double glazed unit.

# DOOR OPTIONS

## ACCESSORIES AND OPTIONS

	Units	List Price
<b>Handles:</b>		
1200mm stainless steel pull handles	Each	£258
1500mm stainless steel pull handles	Each	£306
<b>Hinges:</b>		
Stainless Steel	Per Leaf	£110
<b>Other:</b>		
Hinge Tool:		£72
Additional Keys:		£17

\*\*For how to care for stainless steel see: [www.teckentrup.co.uk/garage-doors/frequently-asked-questions-faqs/stainless\\_care](http://www.teckentrup.co.uk/garage-doors/frequently-asked-questions-faqs/stainless_care)

## HANDLING!

Teckentrup 62 Swing Secure doors are delivered palletised. Suitable arrangements for safe handling at delivery and onward transportation must be considered. Door leaves are heavy and a 150-200kg palletised load is typical.

## TREND COLOURS

Moss Green RAL 6005	Fir Green RAL 6009	White Aluminium RAL 9006
Flame Red RAL 3000	Anthracite Grey RAL 7016	Grey Aluminium RAL 9007
Window Grey RAL 7040	Light Grey RAL 7035	Slate Grey RAL 7015
Quartz Grey RAL 7039	Umbra Grey RAL 7022	Cream RAL 9001
Steel Blue RAL 5011	Sepia Brown RAL 8014	

**Colours**  
RAL references for colours are provided as a guide only to the nearest similar RAL colour. Colours will not match to other RAL finishes due to different coating processes, gloss levels, substrates and textures. Similarly, special RAL, BS or other colours will not be a precise match. Colours shown are limited in accuracy by the printing process - samples should always be requested.

# LAMINATED WINDOWS & DECALS

## WINDOWS

Windows construction: Anodised Aluminium surrounds with laminated glass in clear or satin.

Size	Each
230mm x 1360mm	£522
300mm x 300mm	£417
300mm Round	£603

Doors with windows are supplied with a lock cylinder that can only be operated by key from outside and inside to maintain security. Should a glazing element be breached in an attempt to enter, the door cannot be opened (an internal thumb turn is not available).

## ALUNOX DECALS

Factory bonded alunox decals. Decals can be positioned to requested positions, however, popular arrangements are shown here.

# TECHNICAL CARTECK SECTIONAL GARAGE DOORS GSW 40-L & GSA/SLX VISION

## DIMENSIONS ORDERING SIZES = DRIVE THROUGH SIZES

Observe the following measurement details to guarantee exact assembly and precise, reliable operation of CarTeck sectional garage doors.

## RECOMMENDED HORIZONTAL TRACK FIXING POINTS

## ORDERING NOTES:

Door heights achieved by mixing panel heights (except ribbed), use of 0, 9, 17, or 32mm bottom profiles or top & bottom panel cut downs.  
When ordering use metric sizes, imperial conversions are nominal.

## Frame holes & fixing brackets

Height	Width																Height

## SPECIFICATION

### GSW 40-L Sectional door

#### DOOR:

Sectional door double skinned PUR foam core, 40mm thick CarTeck panels. Outer surface finished in choice of 4 standard designs and all standard listed CarTeck colours. Inner surface stucco design, colour similar to RAL 9002. Sections have a centre seal; EPDM, header, and floor seals. Different order heights are made up from mixing panel sizes, 4 different bottom profile sizes and reduced top panel heights.

#### FRAME:

Door frame is made from galvanized sheet steel, coil coated with polyester, prime coated similar to RAL 9016 or other Trend colour. Protective strips with EPDM sealing lips on both sides of the vertical tracks.

#### HARDWARE:

Galvanised finish, screwed hinges to all sections, adjustable rollers with ball bearings. Multiple tension springs and double cable system housed in low friction housing above horizontal tracks.

#### AUTOMATION:

Door prepared for automation as standard with manual locking available as optional extra.

### COLOURS

RAL references for colours are provided as a guide only to the nearest similar RAL colour. Colours will not match to other RAL finishes due to different coating processes, gloss levels, substrates and textures. Similarly, special RAL, BS or other colours will not be a precise match.

The door panel, frames and window frame colour shade, and surface lustre will show some slight variation, this is due to different base materials and coating methods.

### GSA / SLX Vision Sectional door

#### DOOR:

Sectional door panels made from hollow aluminium profiles, 40mm depth filled with 16mm scratch resistant, polymer double glazing. Sections have a centre seal; EPDM, header, and floor seals. Door heights are achieved by equal division of panel heights ranging from 300mm to 750mm.

#### FRAME:

Door frame is made from galvanized sheet steel, coil coated with polyester, prime coated similar to RAL 9016 or other Trend colour. Protective strips with EPDM sealing lips on both sides of the vertical tracks.

#### HARDWARE:

Hardware, galvanised finish, screwed hinges to all sections, adjustable rollers with ball bearings. Multiple tension springs and double cable system housed in low friction housing above horizontal tracks.

#### AUTOMATION:

Door prepared for automation as standard.

### COLOURS

RAL references for colours are provided as a guide only to the nearest similar RAL colour. Colours will not match to other RAL finishes due to different coating processes, gloss levels, substrates and textures. Similarly, special RAL, BS or other colours will not be a precise match.

The door panel, frames and window frame colour shade, and surface lustre will show some slight variation, this is due to different base materials and coating methods.

## NO HOLES FRAME FIXING

### IMPORTANT !

When fixing a no-holes frame between the reveal you must secure the frame to the lintel as shown using the 'L' bracket supplied. This is pre-fitted to all no-holes frame legs.

If a good fixing cannot be achieved, alternative fixing methods must be used to secure the frame.

			Low Headroom	280	280	-	-	-
		Direct Drive	Stand Headroom	400	450	450	450	450
			Low Headroom	250	250	250	250	250
<b>5</b> Sections	2750 9'0"	Direct Drive	Stand Headroom	400	450	450	450	450
			Low Headroom	250	250	250	250	250
<b>6</b> Sections	3000 9'9"	Direct Drive	Stand Headroom	400	450	450	450	450
			Low Headroom	250	250	250	250	250

Max Width For Low Headroom = 7750

280mm low headroom with rail operator is to prevent the top panel seal rubbing on the rail  
 If this is not an issue then the door will fit in 250mm

## SPECIFICATION

### DOOR:

Sectional door double skinned PUR foam core, 40mm thick CarTeck panels. Outer surface finished in choice of 4 standard designs and all standard listed CarTeck colours. Inner surface stucco design, colour similar to RAL 9002. Sections have a centre seal, EPDM, header, and floor seals. Different order heights are made up from mixing panel sizes, 2 different bottom profile sizes and reduced top panel heights. Doors have reinforcing steel profiles on the rear of the panels.

### FRAME:

Door frame is made from hot dipped galvanised steel sections. Protective strips with EPDM sealing lips on both sides of the vertical tracks.

### HARDWARE:

Doors have galvanised frame legs and are supplied without a header strip. Hardware has galvanised finish, screwed hinges to all sections, adjustable rollers with ball bearings. Front or optional rear mounted torsion spring with load-bearing steel cables.

### AUTOMATION:

Electric 230V drive as standard, either direct or rail drive. Optical safety edge, hard wired to control system. Direct drive motor must have 16 amp supply direct to consumer unit. External release is not possible with direct drive motor, additional access must be available into garage.

### COLOURS

RAL references for colours are provided as a guide only to the nearest similar RAL colour. Colours will not match to other RAL finishes due to different coating processes, gloss levels, substrates and textures. Similarly, special RAL, BS or other colours will not be a precise match.

The door panel, frames and window frame colour shade, and surface lustre will show some slight variation, this is due to different base materials and coating methods.

# TECHNICAL CARTECK SIDE HINGED GARAGE DOORS GSW 40-L

## GEORGIAN DOORS

Horizontal doors have 2 columns of features as standard arranged 1/2 - 1/2, changing to an asymmetric three columns at the width shown below. 1/2 - 1/2 vertical doors have 2 rows of features as standard changing to three at the height shown right.

## SPECIFICATION

### DOOR:

Door leaves are fabricated using 40mm thick CarTeck panels with an extruded aluminium perimeter frame and integral seals. Doors with the optional standard threshold profile have an EPDM black threshold seal at the base. Each leaf is fitted with two or three (dependent on size) surface fixed hinges.

The door frame is an extruded aluminium profile with mitred corners and integral seals, for details refer to technical leaflet. A 3-part stepped aluminium threshold is also included. 10mm tolerance should be allowed to facilitate frame squaring during installation.

### HARDWARE:

Hardware comprises of a DIN standard CE marked European sashlock and a pair of stainless steel round bar lever handles on 50mm diameter roses. A Euro-profile cylinder and thumb turn with stainless steel escutcheons is included as standard (double cylinder, key both sides is available as an option if required). Two security keys are supplied with each cylinder. The inactive leaf is fitted with top and bottom recessed lever action flush bolts. A stay is fitted to each leaf to hold the door in the open position, any leaf below 780mm wide (including asymmetric side hinged doors) will not have a stay.

Stainless steel\*\* needs regular cleaning or will stain, especially in areas of high salt content.

### COLOUR:

The door frame and window frame colour shade and surface lustre will show a variance from the panel finish as the base material and coating methods are different. Where differing materials and process are adopted, such as side hinged GSW 40L garage doors, there may be some colour matching variations. Differing light conditions may further reduce or highlight this effect. The colours RAL9006 and 9007 pose particular problems when colour matching, more information is available via the sales office.

RAL references for colours are provided as a guide only to the nearest similar RAL colour. Colours will not match to other RAL finishes due to different coating processes, gloss levels, substrates and textures. Similarly, special RAL, BS or other colours will not be a precise match.

\*\*For how to care for stainless steel see: [www.teckentrup.co.uk/garage-doors/frequently-asked-questions-faqs](http://www.teckentrup.co.uk/garage-doors/frequently-asked-questions-faqs)

## DIMENSIONS AND CLEARANCES

## CLEARANCES

### IMPORTANT

When doors are ordered as a structural opening size, Teckentrup UK will deduct 20mm from the width and 10mm from the height for coursing tolerance. If this is more tolerance than you wish, please state the over-frame dimension you require.

The section height and the height of the handle 'x' depend on the actual door height and construction of the door.

# HINTS & TIPS

## HINTS & TIPS - CARTECK SECTIONAL GARAGE DOORS

### Problem?

I'm back fixing a coloured door and the frame will be visible.

### Solution!

Just order your door with matched frame legs and header.

I'm fitting between the reveal, how do I cover the fixing holes?

No holes!  
(2250mm high maximum)

Use our 3D covers or order one of our between fix frames - no holes to the front face so no need for 3D Covers!

I'm fitting between the reveal, how do I get a secure fixing?

Order one of our between the between fixing kits for a simple, adjustable and solid solution!

Headroom is limited, what's the minimum I can fit into?

120mm will do the job even with an opener, yes, really 120mm! (Requires Spacer Bar Suspension Plate)

There's a gas meter and a side door that are in the way, I need to lift the tracks, what can I do?

Just ask for our 240mm headroom option - it raises the tracks by and extra 120mm and it's a free option!

What sort of springing does the door have?

Just one type for fitters to learn! Extension springs in covered trays above the horizontal tracks.

# ORDER FORMS

## ORDER FORMS

Every product has an order form that allows you to specify all the details of your order and provide us with the information needed to process your order and generate a confirmation confirming specification and delivery date. Using order forms helps us to be efficient and prompts you for all the necessary information. They are interactive pdf files so can be quickly completed, emailed and saved. Download your copy from the technical guides and fitting instructions section of our web downloads page at:

[www.teckentrup.co.uk/downloads](http://www.teckentrup.co.uk/downloads)

Teckentrup is a family business with operations throughout the world. In the UK Teckentrup is based in Warrington, Cheshire. Teckentrup products are available through a national network of independent Garage Door Specialist installers.

Teckentrup offers more than garage doors: We provide solutions and have set three quality standards for our garage doors:

**Design.**  
**Security.**  
**Service.**

**Design**

**We combine ease of use with aesthetics.**

Good design uses innovative technology to make using a product intuitive and effortless. Teckentrup garage doors offer a wide range of design options that will transform the look of your home and the way you use your garage space.

**Safety & Security**

**We combine security with safety.**

Our products are designed to provide peace of mind with both physical security and the knowledge that durability and safe operation are inherent.

**Service**

**We combine speed with reliability.**

The Teckentrup team and our network of Garage Door Specialist installers love to make your new door a pleasure to own. From planning to installation. You'll always receive expert advice and the best service for installation, maintenance and aftercare.

**Quality & Environment**

Teckentrup operates to quality procedures audited to ISO 9001.

We care about the environment too - this is why our products are certified in accordance with the Environmental Product Declaration (EPD).

ISO 14001 Environmental Management  
ISO 50001 Energy Management
